HealthyHome™ Inventory

A practical worksheet for homeowners & tenants

Your home is more than bricks, mortar and a safe space to house your belongings. It's the foundation of your family's future, where you'll create a lifetime of memories.

This HealthyHome™ Inventory helps you keep a clear, up-to-date record of what you own and proof of ownership. Keeping an accurate inventory reduces the risk of underinsurance, ensuring your home contents cover reflects what's inside your home, and making claims easier to assess.

How to use this worksheet

Step 1 Go room-by-room and list your key items.

Step 2 Take a short video or photos of each room, and the serial numbers of electronics.

Step 3 Save receipts/warranties/valuations in a cloud folder and note the folder name below.

Where are your photos/receipts stored? (cloud folder name/link)
